1 rue de Keramporiel - 29900 Concarneau - Bretagne / France

Contact sound :

Ludovic Mesnil

+ 33 6 81 85 06 21 - l.mesnil.lm@gmail.com

Stage Manager :

No manager's following the band on tour. A member on the band will take on this role on D-Day.

Collaborating with Paker Prod, he will be the band's referent about all the questions (Organization, technics, logistics,...).

Startijenn team (6 persons):

Tangi Oillo : guitar / Youenn Roue : bombard / Tangi Le Gall-Carré : accordion / Julien Stévenin : bass /

Lionel Le Page : binioù, uileann-pipes / Ludovic Mesnil : sound

If any difficulties arises with this rider, please, call us.

The quality of your welcome is essential so that everything is at best for everyone in a good atmosphere.

Here are some requests:

Lodge : A comfortable lockable lodge will be available to the band upon arrival with water, cold drinks (sodas, beer, fruit juice), coffee, wine, fresh fruit. Wifi if possible.

+ Provide a quiet place for the acoustic instruments to tune in comfortably without hindering backstage or stage (s).

Meal : A hot complete meal will be served to the team on a schedule determined by mutual agreement (no sandwiches...).

Accommodation : The organizer will provide 6 single rooms for the musicians and the technician in a good hotel 3 stars*** minimum with secured parking. Provide that breakfast can be taken very late and that rooms are vacated by 12am at the earliest.

Parking : Closed or guarded parking near the stage for a 9 seater van.

Schedules : Schedules will be validated before the festival with PAKER PROD. The band need 1 hour at least for Soundcheck (Installation not included). And the concert about 1:30.

Merchandising : A lighted area with a table. In any case, no percentage or any fee may be claimed by the venue or organizer of the concert.

Technique : The organizer will accept the technical details and will implement the relevant professional means. A complete technical file will be sent to the technician three weeks before the date of the concert.

Stage : The stage flat and smooth with a minimum aperture of 8 meters x 6 meters deep. The background will be black and the sides obscured. Towels and water bottles will be available to the group on stage.

Lights : STARTIJENN moves without light technician. Provide adequate light system and a skilled technician to whom the group will provide guidance before the concert
